

BRAVIN GOLDADE

After obtaining his Civil Engineering degree at the University of Calgary, Bravin's first subdivision development was in Woodbine by Markborough Properties. He joined Melcor Developments a few years later where he spent 8 years developing communities in Calgary.

Bravin had a vision of building lifestyle communities and, in 1997, his vision became a reality when he became the founder and President of WestCreek Developments Ltd. Since then, WestCreek has acquired over four and a half thousand (4,500+) acres of development land and completed over 3,000 single family lots and over 60 multi-family cells. WestCreek has also been involved as pioneers of stormwater ingenuity in various communities throughout the Calgary area.

Bravin has been involved with UDI since 1988. He has served on various committees with both UDI Calgary and UDI Alberta, and held the office of President of UDI – Alberta in 2006 – 2007.
