

RYAN SCOTT,
President & CEO, Avalon Master Builder

As President of Avalon Master Builder of Calgary, Ryan Scott is a pioneer in eco-smart building. He is committed to building a demonstration house every year to test the most current practices in environmentally sustainable and energy efficient home building technologies. Every home built by Avalon Master Builder is an Energuide Rated home. In fact, their mission is to build 100% of Avalon homes as Net-Zero energy homes by 2015 at no additional cost to the consumer while creating homes people love to live in. The core business of Avalon Master Builder is the development and construction of condominiums, town homes and single family homes.

Currently Ryan sits on the Board of Directors of the Alberta New Home Warranty Program as the Education Committee Chair, is a member of the Bethany Care Foundation Board, as well as the Industry Champion for A Technology Roadmap on Sustainable Housing. Ryan has been involved in the industry since 1994 and is the second generation owner of Avalon. His focus is on the education and greening of the industry.
